Conscious Prosperity™

The Secret to Simple & Lasting Personal Wealth

Attend the workshop that's being called "The perfect companion to the 4T Program!" and the "next step" in prosperity consciousness. Learn a Simple, Livable, Step-By-Step System to Retire As-Soon-As-Possible ALL with the Money You Currently Earn, how to avoid the pitfalls that cause most people to fail financially, and then learn to eliminate your debt by prioritizing your bills with my unique system. Learn to operate on cash only -- even when emergencies strike -- and still build wealth for retirement. The goal is to get you to the point where you can live comfortably on the interest from your investments. And, this is all possible with the money you are earning right now!

The difference is just a shift in "Conventional Wisdom" and making slightly different choices. The typical family following conventional wisdom, over the life of the average mortgage, will accumulate invested assets of about \$500,000 and still have all their debts. Following Conscious Prosperity, the same family would accumulate invested assets of almost \$2,200,000 and is debt-free. Here's the tough question, "Which would you prefer?"

This program is for everyone, especially those that are paying all of his or her debts each month and still have money leftover for investing. And if you can't save money at all...this will change your life! Most of us have no idea how much of our wealth is lost to debt.

Learn how to pay off all your consumer debt in 1 to 3 years! And, if you have a mortgage, you can pay that off in another 4 to 5 years. Then take the same money you were using to pay your debts and build true wealth turning every \$1 of debt into \$12.98 of real wealth.

Imagine what your life would be like if you had no mortgage payment...no car payments...no credit card payments...no debts whatsoever. Wouldn't you be better off?

Bring a calculator and a list of your debts, showing current balance, current payment and minimum payment (principal and interest only). This information is used only to complete your personal plan and is not shared in class and is completely confidential.

The workshop is offered on a Voluntary, Value-Based Tuition™ where the fee will be payable at the completion and will be decided by you, based upon the value you feel you received from the content. You will receive a comprehensive 18-page workbook included and there is an *optional* textbook available from the instructor for \$49.95. The workshop lasts approximately 4 hours and will begin promptly at 2:30 PM on Saturday.
